ABT IN CHARLESTON. - We would call attention to the card of Mr. Thomas Wightman, in our columns this morning. Mr. Wightman is a native artist of rare merit, whose works previous to the war adorned the owellings of numbers throughout the South. He proposes to paint pictures from life or to reproduce and restore in an enduring manner the lineaments of much loved members of the family circle, whose forms to more remain to gladden the eye and heart. A visit to his studio will well repay

ARRIVAL OF THE BALTIMORE STEAMER. -The steamship Maryland, J. V Johnson Commander, arrived early yes erday morning, loaded to her utmost capacity, under as well as on deck. These steamers are plying regularly every "five days," forming a rapid and frequent means of communication with our growing neighbor, Bal imore, and also accommodating a large number of Philadelphia shippers, who use this line on account of its certainty.

The "Maryland" sails on Saturday afternoon. Shippers in the interior will note the accommodation by this rou'e, which has carned the title of "fast

A TURPENTINE GUITER .- The common method of obtaining crude turpentine by boxing the pines is fatal to the trees, and extensive fore-ts are destroyed in a few years by this process. Mr. A. Pudigon, of this city, has invented a gutter which avoiding the necessity of boxing, preserves the trees and keep the turpentine clean and white. This gutter consists of two pieces of tin, about ci. At inches long and an inch and a half wide, which are inserted into the tree elgeways in such a manner that they form the figure V. Under the point of the gutter is placed on earthenware cup, into which the crude turpentine drips. This invention i- fast com ing into general use, one house alone in this city

ANOTHER OLD MERCHANT GONE. -The obse quies of Mr. Frederick Fanning took place yesterday ernoon at the Glebe-street Presbyterian Church In the death of this very estimable gentleman, another of the old merchan's of Charleston has been called from his earthly labors. Mr. Fanning was prominently connected with the mercantile interests of the city for a number of years before the war, and was the head of one of the largest hat houses in Hayne-street. He was not engaged in commercial pursuits at the time of his death, having retired from the active affairs of life some years ago. Mr. Fanning was a man of very genial manners and general favorite, and he leaves behind him as a legacy to his family a stainless reputation and a worthy

THE STABAT MATER. -St. Mary's Church was well fille I last evening with a highly appreciative audience, who seemed richly compensated by the elegant music. The manner in which this grand composition was produced last evening was surprising to many who knew the great d fliculties in harmonizing the voices present, and bringing them within that nice control so necessary in the rendition of the classic misterpiece. The performance of all who took part in the p ogramme was so excellent that it is almost impossible to particularize, but it can be said with candor that the inflammatus, the cavatine and the duo were rendered with a grace th.t made them peculiarly striking. Mrs. Barbot is entitled to no little praise for her great success last. evening, and those who enjoyed the musical feast appreciated her efforts.

THE WHITE FAWN.—This great spectacular drama which was exhibited in New York for hundreds o: nights in succession to immense audiences, and which has created a tremendous sensation throughout the country, was performed in Charleston for the first time list evening. In rarity of cos tume, magnificence of scenery and gorgeousness of decoration, the White Fawn far surpasses any theatrical exhibition ever before witnessed in Charleston. It is performed by the original company with all the original scenery brought here and put up at an im mense expense, and the splendid and successful result reflects the greatest credit on the enterprise of Manager Templeton. Notwithstanding the other attractions in the city list night the theatre was orowded to overflowing, every sent being taken, and the assles jammed with people standing up.

AFFAIRS IN ORANGEBURG. - Our correspondent "Quelquetois" writes us from Orangeburg under date of the 18th instant: "The ladies of our town are indefatigable in lending their aid to every good work. Last night they opened a supper room, where every dainty and substantial was spread to provoke the most sluggish appetite; and, despite the blustering night, a goodly attendance was present. Had the weather been more favorable, the spacious room would have been througe 1. The object of the supper was to raise lunds to askist the Methodist Church, which denomination is now under the charge of the Rev. Mr. Crisp, a stranger, but one whose zeal and piety must advance the great work out usted to his care. Since the resignation of A. F. Dickson from the Presbyterian Church to take the charge of a church in New Orleans, there has been no régular service in that church; but it is hoped that the venerable and beloved Rev. E. Palmer will accept the call which has been extended to him and com : amo g us. His acceptance will be hailed with gratitude, and his ministrations regarded a peculiar privilege "

referred to Registrar Carpenter.

THE STATE COURT-HON. R. B. CARPENTER, Presiding -- Thursday, February 18, 1869.-The court resumed the hearing of the case of the State vs. Solomon Happy. This was an indictment for larceny of lead pipes from a house. W. J. Whaley, Esq, for the defence, contended that the lipe, being part and pare I of the real estate could not be the subject of larceny, unless the severance from the realty be proved by the State, and after the argument the Judge sustained the point. A nol prowas entered by Attorney-General Chamberlain, and the prisoner was remanded to answer further in liciments. The case of the State vs. Mike John on, Dave Johnson, Peter Johnson, Jim Calloway and Peter Souler, pext came up for trial. A. T. Smythe and R. G. Chisolm, Esqs., appeared for the defence The circumstances connected with this case are briefly these: On the 13th of October last, the night, express train, on its way to the city, was stopped by a quantity of greate which had been applied to th track, and while so delayed several of the cars were robbel of their contents. After an investigation the suspicion pointed to the defendants above named. who we encordingly indicted for the triple offence of malicious trespass, jarceny and obstructing a railway train. The court was engaged during the entire session in hearing the testimony and argument in the case, and at a late hour the jury returned a verdiet of "Guilty" as to Peter shulor; "Not guilty" as to the others.

Drugs, Chemicals, che. Bronchitis, Asthma and

Consumption.

PROBABLY NEVER BEFORE IN THE WHOLE history of medicine has anything wou so widely and so deeply upon the confidence of mankind as this excellent remedy for pulmon my complaints. Through a long series of years, and among wost of the races of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of dise, so and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every tamily, and indeed, as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled CONSUMPTION is thought incurable, still great numbers of cases where the disease seemed settled have been completely cured, and the patient restored to sound health by the Curant Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

NINGERS AND PUBLIC SPEAKERS find great protection from it. PRODABLY NEVER BEFORE IN THE WHOLE

Dy it.

Bronchitis is generally cured by taking the OhunRY PECTORAL in small and frequent doses.

So generally are its virtues known that we need
not publish the certainates of them here, or do more
than assore the public that its qualities are fully

FOR ALL. THE PURPOSES OF A FAMILY PHYSIC,

energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of everybody, but also many formidable and dangerous disease. The agent below nam d is leased to fund-by gratis my American Aminac, containing extificates of their cures and directions to their use in the following compaints: Costiveness, Heartburn, Beadache arising from disorder of stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints arising from a low state of the body or obs ruc is not its functions. They are an excellent alterative for the renovation of the blood and the resionation of tone and strength to the system debilitated by disease.
